312-662-6199

Eric F. Quandt concentrates his practice on complex litigation and life sciences. Mr. Quandt is an experienced trial lawyer having successfully tried cases including products liability, pharmaceuticals, medical practice, medical devices, asbestos, and personal injury litigation. His trial experience includes various state and federal courts throughout the country. Mr. Quandt is a "AV Preeminent" peer review rated by Martindale-Hubbell, reflecting the highest peer recognition for both ethical standards and legal ability.

Mr. Quandt has been recognized as a "Leading Lawyer" in Medical Malpractice Defense Law and Products Liability Defense Law for several years. He was also recognized as an Illinois "Super Lawyer" in 2010.

Mr. Quandt has significant experience in sports medical legal issues and was one of the founders of the Institute for Sports Medicine and Sports Law in conjunction with Northwestern University's Feinberg School of Medicine, Division of Sports Medicine, Department of Medicine, and with assistance from the National Sports Law Institute at Marquette University Law School. Mr. Quandt was one of the two course directors who organized three national conferences with faculty from around the country, addressing medical and legal controversies in collegiate, professional, Olympic and high school athletics. See: www.ismsl.org

Mr. Quandt assisted the Big East Conference Sports Medicine Society in organizing "The Clearwater Symposium", a national sports medicine and sports law conference held in Clearwater, Florida. He has represented team physicians, athletic directors and athletic trainers in a variety of claims involving intercollegiate and professional sports.

District of Illinois (Trial Bar)

Mr. Quandt received a B.S. in 1973 and a J.D. in 1976 from the University of Wisconsin-Madison.

Experience

- Represented multiple university-based physicians in litigation covering many different practice specialties, with large number of defense verdicts. Cases involved intersection of medicine, pharmaceuticals, and/or medical devices. Specialties included orthopedics, oncology, cardiology, obstetrics, anesthesiology, and neurology. Many cases involved serious birth injuries or wrongful deaths. Mr. Quandt achieved back to back jury defense verdicts defending obstetricians and medical institutions in serious birth injury cases.
- Represented asbestos manufacturers and successfully achieved jury defense verdicts in federal and state court involving claims of asbestosis and mesothelioma.
- Represented a major foreign automobile manufacturer in a multiple death case resulting in complex multi-district litigation in the United States and achieved successful dismissal on jurisdictional grounds.
- Represented major pharmaceutical and medical device manufacturers in litigation involving a variety of pharmaceutical, medical devices and combination products.
- National coordinating counsel for contraceptive litigation. Cases involved trials in federal and state courts with defense verdicts/favorable settlements and defeat of plaintiff's attempt to obtain an MDL.
- Represented a major chemical manufacturer in a gas pipe explosion case involving multiple deaths.
- Represented a major chemical manufacturer sued for gas piping replacement and achieved dismissal under the economic loss doctrine.
- Successfully defended a university through appeal in an action filed by a student athlete who suffered a cardiac condition requiring an implantable defibrillator and was denied

participation by the team physician in NCAA Division I basketball in a claim brought under the Rehabilitation Act.
